No Rain Checks

These large individually handcrafted containers are skilfully made by talented Vietnamese craftsmen. They are light weight, water-resistant and durable with modern finishes in a gloss or matt lacquer. These containers are made from treated moulded wood and are suitable for both home and commercial uses.

Warning:-

These containers are not designed to be exposed to all the elements. Preferable use is for artificial plants/trees indoors. They can be used on protected patios and verandas but needs to be elevated off moist surfaces. Live plants should NOT be potted DIRECTLY into these containers.
